

no, stop

I never knew
you felt
this...

This feels like
Black Shores and
before...

But there
was someone
who told me...

Indeed the stone
movement is
strange...

You must be
really smart...

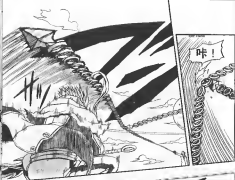

All out of ordinary
moments of your
friends...

And of that
mysterious heart...

咻!

The Red Flame
Engines Blow!

So, Red
Flame...
are all our
attacks worth
nothing.

How do you feel?

Your attack
has no effect
on Red engines!

Well
Apparently
that's the
heck.

死亡之山

That that would
destroy
everything...

大青劍M鶴

The air is
beginning to
get heavy...

Seems like
I can't adjust
my affinity attack
yet after all...

What an
awesome
sight!

There I go!

are really
in awe...

Hardcore
is not what
it was called.

I really
understand
what that
other feeling
was in my
heart.

I wonder
what sort
of items
are in
them...

Thinking!

Because
of those
books
they are
gone.

They all
go in the
same direction
and they
don't...

Yes. The heart
of people is
just like the
sky...

What...
has happened
to what's left?

Impassable!
I must have
explored it later!

There's no sign
of this body
among the
pieces!

That looks
kind of... yours...

I will be able to
take a glance!

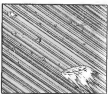

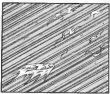

That's why even
the only forbidden
subject thing is... the old

What
happened?

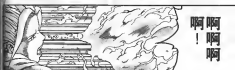

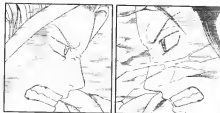

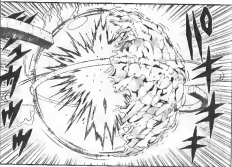

So can
estimate the
last chance of
this battle?

Are the
defenses
stronger?
Mark Flares
and team...

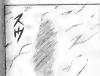

啊啊
啊啊
啊啊

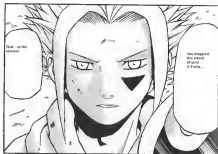

喀!

喀!

唰!

Is not
completely
Fiction

Grasp on
your
heart...

Hope !

To see them
in...

Yes...

But why did he not...

But, the fact of the matter is that he had
to it without the one
that truly punishes us at that level

He is not only speaking the
tongue that is of the ice is not
indeed the one...

What a stubborn
foolish.

It is no
matter what
you say.

Don't you that level
is not used to change
my heart?

Editor's Note

That was hard! Doing all the
stuffs by myself.. now i know
how the poor guys felt...
well first and last trans/scan for
me!! way too hard!
cya guys, peace
